## Release of Citizens' Report on Four Years of NDA Government: 2014-2018 'Promises & Reality' -Civil Society Initiative

22ndMay,2018

The Citizens Report on 4 Years of the NDA Government- 2014-2018: Promises & Reality', a Civil Society initiative coordinated by Wada Na Todo Abhiyan (WNTA) is a collective work by experts, development networks and civil society organisations working on diverse concerns and issues with the marginalized and vulnerable population groups – Dalits, Tribals, children, youth, women, LGBTQ, people with disabilities, bonded labour, urban poor to name a few. The report also compiles articles on critical development issues of education, health, water and sanitation, land rights, economy, budgets, fiscal policies, civil society space, media, human rights, labour and employment, environment, parliament functioning, governance to mention some. In addition to the report, various individuals and organisations have used the visual media, making short videos on their critical concerns about the government's performance. 10 videos are shared on social media over the month to draw government's attention to people's concerns.

# National Consultation on Leave No One Behind: A Micro Study on the status of Hunger and Poverty among marginalized groups in India.

27th April, 2018

Draft Report Launch and discussion on the exploratory study on hunger and poverty issues across 8 vulnerable population groups namely commercial Sex Workers, Dalits, Fisher Folk, LGBTQI, Muslim, Tribals, Urban Poor/Slum Dwellers and Single Women in 12 states of India undertaken by WNTA and CSA at Deputy Speaker Hall, Constitution Club of India, New Delhi.

It reviewed the nature of hunger, access to PDS, the experience of hunger and coping mechanisms of these communities.

Members of the affected population groups shared their status and concerns as panelist and expert members related to food and nutrition reflected and responded to the issues and addressed their concerns.

About 120 participants including Civil Society Leaders, experts, activists, eminent citizens, different marginalized people from states, people who are working with marginalized communities attended the consultation.
