

STUDENT INTERNSHIP

Fall 2019 - Brussels

The Global Call to Action Against Poverty (GCAP) is a global civil society movement calling for an end to poverty & inequality.

With over 11,000 CSOs and national coalitions in 58 countries across the world, this southern-led movement works to challenge the institutions and processes that perpetuate poverty and inequality across the world. Together, we defend and promote human rights, gender justice, social justice, climate justice and the security needed for the dignity and peace of all.

In 2019, we are coordinating a global campaign against inequalities, with other partners and networks, to create public awareness and public pressure to reduce inequalities – both within and between countries. We work to raise citizens' and decision makers' awareness and motivate action to achieve the Agenda 2030 and the SDGs. We want societal change for everyone, everywhere by 2030!
